IT FAQs – Himanshu Pvt Limited

Q1: Can I install personal software on my company laptop?

A: Only with IT approval. Unauthorized software installation is prohibited.

Q2: What should I do if I forget my password?

A: Reset it via the IT portal or contact IT support for assistance.

Q3: How do I access the company VPN?

A: IT will provide VPN setup instructions and credentials for secure remote access.

Q4: Who do I contact for IT issues?

A: Contact the IT support team for all technical problems or requests.

Q5: Can I use personal devices for work (BYOD)?

A: Yes, but only with IT approval and security compliance. Personal devices must meet company security standards.

Q6: How should I report a security incident?

A: Immediately notify the IT security team with details of the incident.

Q7: Is it okay to share confidential company data over email?

A: No. Sensitive information must not be shared externally without authorization.

Q8: How do I request new hardware or IT equipment?

A: Submit a request through the IT service portal. Approval is required from your manager.

Q9: Can I connect personal devices to the company network?

A: Personal devices must not connect to the company network without IT approval.

Q10: What should I do if my device is lost or stolen?

A: Report immediately to IT. Remote wipe or tracking measures may be applied to protect company data.

Q11: How do I update my software or operating system?

A: Follow IT guidelines for updates. Automatic updates may be managed centrally by the IT team.

Q12: Are employees allowed to download files from the internet?

A: Only for business purposes. Downloads must be approved and free from malware.

Q13: How do I access company cloud services?

A: Access credentials will be provided by IT. Ensure multi-factor authentication is enabled.

Q14: What is the policy for email attachments?

A: Only open attachments from trusted sources. Do not forward sensitive data without encryption.

Q15: Can I install mobile apps on company-provided devices?

A: Only approved apps can be installed. Unauthorized apps are prohibited.

Q16: How do I report phishing emails?

A: Forward suspicious emails to the IT security team immediately. Do not click on links or attachments.

Q17: Are employees required to complete IT security training?

A: Yes. Mandatory security awareness training must be completed annually.

Q18: Can I share my login credentials with colleagues?

A: No. Login credentials are personal and confidential. Sharing them is strictly prohibited.

Q19: How do I request remote access for work?

A: Submit a request to IT. Access will be granted based on role, security requirements, and approval.

Q20: What happens if I violate IT policies?

A: Violations may result in disciplinary action, up to and including termination. Repeat or intentional violations are escalated to management.
